Or email help@applesforchildren.org

Early Childhood Destination: Inclusion

helps child care programs understand and meet the social and emotional needs of children from birth to five years old. The project serves Western Maryland family child care homes, child care centers, and the children and families in their care.

Early Childhood Destination: Inclusion

is **FREE** and may include one or more of these activities:

- Assistance by phone and email
- Observations of children and classrooms/family child care homes with follow-up consultations
- *Know, Love and Teach* workshop series
- Referrals to community resources

Early Childhood Destination: Inclusion

may be for you if you have a child who has:

- Strong emotional responses
- Lack of emotional responses
- Difficulties interacting with other children and/or adults
- Developmental and/or behavioral challenges

You can make a difference in the life of a child who has social and/or emotional challenges.

Learn how to maintain this child in your program and give her the support she needs to manage her emotions and interact with others successfully.
